

Programming

Our adult (18-35) and youth (10-17) campers take part in a wide array of indoor and outdoor camping activities designed to meet the needs of each individual camper. Our daily activities include: swimming, sports, arts and crafts, music, boating, fishing, and nature classes. In addition to our fun-filled daily activities, campers experience the opportunity to learn both social and life skills. Independence is taught and encouraged under the supervision of counselors and camp staff alike. Each day ends with a camp-wide program where campers are given the opportunity to socialize during an array of activities including dances, talent shows, movies, scavenger hunts, pool parties, and so much more!

Staffing

Our staff come from a variety of backgrounds, such as education, PT, OT, speech, and more! All staff go through extensive background checks, have stellar references and attend our rigorous pre-camp training. Staff are not only taught the basic behavioral skills of positive discipline and CPR/FA, but the importance of supporting campers' independence and social skills, while building their self esteem. Staff learn that building positive relationships between campers and with counselors, benefits everyone. One counselor always remains with their camper group during programs to ensure all campers' needs are consistently met.

Training

All staff attend a mandatory week long training prior to the arrival of campers. Trainings include but are not limited to:

- CPR
- First aid
- Behavior management
- Abuse & Neglect
- Facilitating and Promoting Social Interactions
- Assisting campers with daily living tasks
- Positive Reinforcement

Meals

Breakfast, lunch, and dinner are hosted family-style in our dinning hall, or buffet-style in our outdoor picnic area. Menus are created based on nutritional value and dietary restrictions. Campers are taught table manners during meal time as well as healthy eating habits- from washing hands, to appropriate portion size. Healthy snacks are available mid-day along with cold water and gatorade to aid in recouping from warm weather.

Cabins

Cabins sleep up to 8 campers and 4 counselors. Counselors have a separate sleeping area and bathroom within the cabin. Each camper has their own personal space with a cubby for their belongings. Camper bathrooms are in the front of each cabin with sinks and bathroom stalls. Showers are conveniently located in our shower house on cabin row. Each cabin has a family room in the front with a bookcase and table full of social and independent activities. The front porch allows campers to have a place to socialize while visiting other cabins, or to enjoy the nice weather during siesta time.

Summer Dates 2023

Adult Weeks (age 18-35)
